“ Sincere condolences to the family on the loss of Nathan. Even though I lost contact with him years ago, I will miss him as we were cousins and I have memories of younger days.

“ RIP Nathan, you were loved by so many, always smiling, Gary always came back to the car laughing when we used to bring him by over there to see you he would say " that man cracks me up" . some kind of joke you would tell him or something always made him laugh. I can just imagine the smiles on your faces now. RIP

“ I love you daddy so many things so many emotions so many memories but not enough just one more time to hug you with a 2 armed hug and squeeze you tight and kiss you on the cheek another picture with you another family picture so many things we shoulda done but didn't now we should start taking and paying attention to the small things and enjoying them because if you don't you miss out and I don't want to miss out of the small things anymore just enjoy every minute I have God gives me and take time to see how precious life can be and is I miss you daddy I still think you are here you will always be because you are in our hearts and memories and right now looking at pictures sometimes makes me cry sometimes they make me smile because you are smiling and laughing
