

## Betty Louise Forslund

January 26, 1939 - January 1, 2021

Betty Louise "Betsy" Forslund, age 81, passed unexpectedly on January 1, 2021 following many years' struggle with kidney disease. Born in Fountain Hill Pennsylvania, Betsy was raised in Norwell Massachusetts and lived for a time in Wappinger's Falls New York before moving to Cape Cod Massachusetts and settling in Seneca, South Carolina.

Tragically preceded in death by her daughter Jenica, Betsy is survived by long-time friend and companion Paul Coster, daughter Krista and her long-time friend and companion Roger, granddaughter Ashlyn and son-in-law Bill.

Remembered as a "strong but gracious" woman by those who knew her best, Betsy's home was never complete without an entourage of "critters": beloved companion animals including "Ollie" the African Grey Parrot, "Magnolia" (Noli) the Great Pyrenees dog and "Goody" the cat. A dedicated employee of many years with Otis Air Force base and the Jenny Craig company, in her spare time Betsy could be found indulging a life-long love of history, guiding tours of the Ashtabula & Woodburn Historic Homes of Pendleton, South Carolina.

In lieu of flowers, please consider donating to the American Kidney Fund, the Pendleton Historic Foundation or the animal welfare organization of your choice.

“ Your mother was a dear friend to mine - Sue Foust - when they both lived in SC. My Moma never quite knew what to do with me since I was far more into museums than horses. (my Mother's passion). Moma had two friends named Betsey and they knew each other. Every once in a while Moma would say "And Betsey did this..." and I would be VERY confused. I finally figured out that there were two Betseys. Horse Betsey - and your mother - Museum Betsy. I would love to chat with you and tell you my stories about your mother.

“ Your mother was such a sweet lady. I enjoyed working with her giving tours for the Pendleton Historic Foundation. We always had fun when we worked together. She was a lovely person, and she will be missed.
