

## Ms. Brandi Leigh Hope Morrow

September 19, 1978 - June 5, 2026

Brandi Leigh Hope Morrow was at Prisma Healthcare Facility, OMH campus, when our Lord saw how very tired her body had become and called her home to be with Him and her loved ones gone before her in the early morning hours of June 5, 2026. She has battled ESRD, kidney and heart failure bravely for the last twelve or so years. Brandi was born in Seneca, SC to Trudy Morrow. Her grandparents were Jimmy and Joyce Morrow of Seneca, SC and they pre-deceased Brandi. Brandi met the love of her life and the father of her son early in life, Brent Ashley Hendrix, who pre-deceased her. Brandi's sister, Haley Ryan Venaas, pre-deceased her in 2021. Brandi left her mother, Trudy Morrow, her sister, Tiffani Venaas Skelton, (Gene), and their family, Emma Grace Kelley, Corbin Reno, Preslee Reno and Jarrett Skelton; her son, Jimmy Tyler Bryson Morrow, (Nay), and his family, Brent Bryson Isaiah Morrow, and other family and friends behind with a spot of emptiness in their hearts. Brandi loved and enjoyed being outside in nature and listening to music. She always enjoyed watching The Andy Griffith Show. She loved her family deeply and enjoyed anytime she could spend with them. She was a quiet person in a room but her smile spoke for her. She believed in love and kindness for all living things, no matter if rich or poor or animal. She gave love and kindness to all she could without needing to be recognized for it. If she saw a need and could do something to help, she did. She was loved deeply here on earth and will be missed greatly.

If you would like to honor Brandi, please make a donation to The Oconee County Humane Society, <https://www.oconeehumane.org/donate/> , in her name. There will be a Celebration of Brandi's life in the near future but it is not scheduled for a date as of now. Family will be at their own homes.
