“ *Love the photos of your Mother and Daddy. They both will always hold a very special place in our hearts. They graciously took us into their home for several months (Feb-May) during our first baby daughter's hospitalization at Egleston Hospital back in 1981. We will never forget their love and hospitality in our time of need. We look forward to the time we will all be together next year to honor them.*

“ *The Cutchens were our next door neighbors back in the seventies in Atlanta. And, I add, were the most precious friends. Marsha used to babysit our two young sons. This family will always be dear in our memories.*
