“ *You finally get peace and quiet my bother.... All the confusion, all the overwhelming feelings you couldn't control.... You were dealt a hard have with your brain tumors, and then what parts of you were taken by violent hands you fought long and hard to hold onto... You slipped away peacefully JEFFRO like your endless Sunday morning walk in the woods...I will get to where I can except that you're better where you've gone... But just know that I'll always be your biggest fan and I WILL RIGHT THE WRONG that took you from us...I love you always, TLW*
