“ *I was the care giver for his family. He loved God, his Country, and his Family and embraced all! He loved to fish and garden when he could. Praying for peace and comfort for his family.*

“ *Loved Johnny. I will always remember our hunting trip where we hiked (2-3 miles) and camped in Shining Creek. Johnny killed his first buck. We were tired of camping in the cold and decided to come out after dark. It was a long way back to the truck. By the time we reached the truck, there wasn't much hair left on his buck from dragging it so far. It was after midnight before we got to bed, but Johnny had laid down a pair of binoculars he had borrowed from a friend about half way up the trail where we took a break coming out. Johnny got back up around 4:30am and hiked back in and found the binoculars. Johnny was a good friend/brother-in-law. He will be missed by many. Stanley Honeycutt*
