“ First of all let me say!!

I love and loved Troy Grant!!

He had a will to live like nobody else!

He always was encouraging me when times were tough— and I worked that much harder to show him I was willing to put in the work to get back on top!!

Thanks to Troy and Kathy I am doing great and without his help would not be where I am today!!

Troy was all business and hard at times but u have to know him like I did — to appreciate every ounce of LOVE he did have for people and wanting those people to thrive!! He wanted help people get from point A to B and he helped us always— but if u didn't put in the work and didn't pay him back — he didn't have much LOVE for people that wouldn't put in the work!! But if u came to him and explained he would always do what he could to let u get caught up!!

This man is a Legend in these parts!!

RIP Troy— I'm gonna miss u ❤️🙏
